FIG. 5

Diagram (a) illustrates a plan view of a cross-shaped structure. The central component is a large square labeled 61d. It is surrounded by four rectangular components: 61a on the left, 61b on the right, 61c on the top, and 61e on the bottom. These four components are connected to the central square by four rectangular components: 61f on the left, 61g on the right, 61h on the top, and 61i on the bottom. The entire structure is enclosed within a dashed rectangular boundary.
